

ALSTACOL 25

Alcohol based Contact Surface Disinfectant

Product Code: O1807; Ver. 1.1

Product Description

ALSTACOL 25 is a ready to use blend of alcohol, quaternary compound and cleaning agents that can effectively disinfect all hard contact surfaces and equipment, manifesting broad spectrum bactericidal, fungicidal and virucidal attribute.

The coactive operation of Quaternary compound in the presence of alcohol breaks down the lipoprotein complexes inside the microorganisms' cell, opening its membrane which allows the alcohol to pierce and rupture its total structure.

ALSTACOL 25 is competent to be used at In-house, Commercial and Industrial application surfaces.

Contituents

Ingredients	% By Volume
Alcohol	70.0 min.
Quaternary Compound	0.3
Other Ingredients	Balance

Key Features & Benefits

- Highly effective in removing most infection spreading germs
- Does not alter the property of application system, be it metal, non-metal, glass, etc.
- Enhanced sanitation performance
- Rapid anti-microbial action
- Easy to dose

Physicochemical Properties:

Attributes	Value
Form	Clear Liquid
Appearance	Slight Blue
Odor (neat)	Alcohol Type
Solubility	Soluble in water

Dosage and Method of Application

Aim at the target area, spray and wipe it off. For hard surfaces, the solution is allowed to remain for 30 seconds.

For more details on use method and dose concentration, *Kindly refer to your nearest CSL representative.*

Handling measures and Precautions

Proper human safety products such as splash goggles, apron and gloves should be worn while handling and applying chemicals. Splashes on the skin should be washed off with water immediately. In case of splashing into eyes, flush them with fresh water and obtain medical attention. Should not be injected. *Kindly refer SDS for more details.*

Storage

Flammable Product! Store in cool, dry well ventilated area in tightly closed, plainly labeled containers. Keep away from incompatible materials. Containers, even when empty, will retain residue and vapors. Separate from acids, alkalis, reducing agents and combustibles.

Packing

ALSTACOL 25 is available in 500ml trigger spray, 5L / 20L Jars.
