

## ULV Fogger

PIS Code: C2087

### Product Description

Chemtex's ULV Fogger generates high density fog droplets size in the range of 5 to 10 micron, also provides maximum thrust, deeper penetration in every corner & crevices. Wide spread of aerosols ensuring effective and uniform treatment of ULV chemical being fogged, be it aerial fumigation/fogging or surface treatment.

Engineered to meet most demanding and critical task of aerial Fumigation/Disinfection in sterile areas of Hospitals, Pharmaceutical Industries, Biotech Industries, wide range of applications in food and Beverages, Poultry and Hatcheries.

### Key Features and Benefits

- Least possible residues on floor and surfaces.
- 5 to 10 micron size droplet reaches every corner and crevices.
- Equipped with superior quality powerful Motors.
- The large number of very small droplets creates high Fog.
- Easy to clean, detachable and non-corrosive, Chemical resistant, high grade chemical tank.
- Saves substantial amount of chemical cost with better treatment result.

### ULV Fogger

- **Consistent particle size generation :**  
5 - 15 microns VMD
- **Reach :**  
20 - 30 ft distance & 18 - 20 ft height
- **Space Treatment :**  
up to 7000 cuft & even larger
- **Input Power :**  
220VAC, 3.5AMP, 50HZ
- **Silvox Solution Tank :**  
MOC - Stainless Steel,  
Capacity - 5 liters  
Inside Tank - SS 304,  
Strainer - SS 304 Wiremesh

### Application Areas

- 1. Pharmaceuticals and Biotechnology:** Aerial Fumigation/Air environment sterility in sterile areas of Injectibles, Vaccines, Tablets, Parentals, IV fluids, Medical Devices, Bulk Drug Manufacturing areas, QC and QA areas, Microbiology Lab, R&D Center, Clinical Drug Trial Center, Tissue Culture Laboratories.
- 2. Hospitals:** Fumigation/Air environment sterility in Operation Theatres, Intensive Care Units, ICCUs, Neonatal ICUs, AKD units, Patients Rooms and General Ward, Post Operative Wards, Air Sterility in Microbiology
- 3. Agriculture & Horticulture:** Fumigation/ Air environment sterility in Greenhouses, Poly houses, Poultry sheds, Apiaries, Cut Flowers, and Vegetable Storage Areas, etc.
