

# CX-D7

Stainless Steel Polish

## General Description

CX-D7 is specifically formulated for Chrome and Stainless-Steel surfaces to provide protection against grime, grease, and water stains and ensures shining and brightening after application. Rusty, tarnished chrome can transform into a gleaming surface by using this formulation. It effectively removes oxidation and scratches on one application without leaving behind any residue and ensures a mirror-like shiny surface. It is a ready-to-use product and can be easily applied and stored.

## Key Features

- Protects steel surfaces and increases operational life
- Protects against dust, dirt, oily deposits
- Leaves a smooth shiny lustre after use.
- Non-tainting and non-perfumed; hence leaves no added fragrance
- Can be used on all stainless-steel surfaces like doors, equipment, lifts, railings, knobs, etc.

## Physicochemical Data

Attributes	Typical Value
Form	Clear Liquid
Appearance	Colourless to Milky
Odour	Characteristics
Solubility	Completely soluble in water

## Dosage & Method of Application

CX-D7 is a ready-to-use product and should not be mixed with water. Spray CX-D7 sparingly and polish off with a clean, dry cloth. Use only on non-food contact surfaces. Repeat 1 – 2 times for best results.

## Handling Measures & Precautions

Proper safety products such as splash goggles, NIOSH approved gloves should be worn while handling and applying hazardous chemicals. Splashes on skin to be washed off with water immediately. In case of splashing into the eyes, flush them with fresh water and seek medical attention. **Should not be injected.**

## Storage

Store in cool, dry well ventilated area in tightly closed, plainly labelled containers. Keep away from incompatible materials. Containers, even when empty, will retain residue and vapours. Separate from acids, alkali, reducing agents and combustibles. *Please refer Label and SDS for details.*

## Packaging

Available in 5L Jars. Also available in 700ml RTU Bottles.
