Section 4. First Aid Measures

Eyes	Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of cold water. Get medical attention immediately.
Skin	Immediately flush skin with plenty of water while removing contaminated clothing and shoes. Wash with soap and cover the contaminated skin with an emollient. Wash clothing and shoes before reuse. Seek immediate medical attention.
Ingestion	Do NOT induce vomiting unless directed by any medical personnel. Never give anything by mouth to an unconscious person. Loosen tight clothing such as a collar, tie, belt or waistband. Get medical attention if symptoms appear. Administer 5% solution of sodium bicarbonate followed with milk.
Inhalation	If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. It may be hazardous to the person providing aid to give mouth-to-mouth resuscitation when the inhaled material is toxic, infectious or corrosive. Seek immediate medical attention.

INDICATION OF IMMEDIATE MEDICAL ATTENTION AND SPECIAL TREATMENT NEEDED, IF NECESSARY. IF EXPOSED, CALL POISON CONTROL CENTER/DOCTOR/PHYSICIAN.

Section 6.

Accidental Release Measures

Small Spill	Dilute with water and mop up, or absorb with an inert dry material and place in an appropriate waste disposal containers. Do not let product enter drains and sewers. Wet product can create slippery conditions.
Large Spill	Absorb with dry earth, sand or other non-combustible material. Avoid contact with combustible materials such as wood, paper, oil, clothing. Prevent entry into sewers, basements or confined areas. Call for assistance on disposal. Wet product can create slippery conditions.

Section 7.

Handling Measures & Storage

Handling	Keep container dry and tightly closed in a cool, well ventilated area. Separate from acids, alkalis, reducing agents and combustibles. Keep away from heat and other sources of ignition. Do not ingest. Product is slippery when wet.
Storage	Store in cool location, away from open flames, hot surfaces and sources of ignition. Keep away from food and beverages. Protect from freezing and physical damage. Provide ventilation. Keep containers tightly sealed. Store away from incompatible materials.

Section 8.
